

Good afternoon.

Happy Monday and welcome to week 2 of the summer program. As I write this, I can't help but smile at how wonderful your students are and what a positive week it has been. Students are engaged in classes, they are becoming experts at washing face coverings and what a weekend packed with fun and sun.

Despite what we have been told by the students who do not like to move or exercise, you can see that they had a great time and the smiles behind the masks are wide.

Check out the photos from week one here:

Week 2 is off to a great start. I would like to offer a gentle reminder that we are not allowing families to come to campus for visits, dropping off items, etc. As you know, we are trying desperately to avoid a lot of coming and going on campus. Thank you for your cooperation with this.

Best wishes,

Jenn Scully
